Hole Cutters

High Speed Steel

- Pilot drill supplied with each cutter
- Recommended for use in hand-held air or electric drill motors, as well as light drill press applications in sheet metal, thin wall tubing, steel plate, or any other large diameter shallow hole cutting
- Centers quickly and is held securely in position after the pilot drill has entered the work piece - cutter body then cuts a clean, burr-free hole
- With normal care tool life is significantly longer than other hole cutting tools
- Inexpensive resharpening will allow repeat use
