

Layout Fluids

DYKEM

DYKEM is one of the world's best known and most trusted line of metal marking fluids. DYKEM has expanded its technology to offer a complete line of metal marking products, many of which have been formulated for a wide range of marking devices for virtually any application. Additional colours provide you with the layout fluid that is most effective for your application.

- Prevents glare with a uniform, deep colour
- Dries in two to four minutes
- Lets you scribe sharp, clear precise lines
- Reduces eyestrain
- Translucent

Colour	Description	Code	Colour	Description	Code
Steel Blue	12 oz. aerosol	219026	Steel Blue	4 oz. B-I-C (Brush-in-Cap) bottle	219032
Steel Red	12 oz. aerosol	219027	Steel Red	4 oz. B-I-C (Brush-in-Cap) bottle	219033
Black	12 oz. aerosol	219028	Steel Blue	8 oz. B-I-C (Brush-in-Cap) bottle	219034
Green	12 oz. aerosol	219029	Steel Red	8 oz. B-I-C (Brush-in-Cap) bottle	219035
Steel Blue	Felt tip	219030	Steel Blue	930 ml (1 quart)	219036
Steel Red	Felt tip	219031	Steel Red	930 ml (1 quart)	219037

Staining Colours

DYKEM

Use bright staining colours to identify bars, bearings, bolts, engine and electrical components, fasteners and other parts requiring instant, visual identification.

- Flexible and resistant to oils and solvents
- Fast drying
- Thin (0.0002" coating won't interfere with part operation)

Colour	Description	Code	Colour	Description	Code
Black	16 oz. aerosol	219038	White	8 oz. B-I-C (Brush-in-Cap) bottle	219055
