

## Permanent Magnetic Lifter

### Hand Lifter (on/off Switch)

- Dimensions: 5 x 2 x 2-1/2"
- Capacity: 220 lbs.
- Weight: 4-1/2 lbs.

Code
302240

## Demagnetizer

- Lightweight units for the removal of residual magnetism from components after work holding
- CE approved

Voltage	Width (Inch)	Height (Inch)	Depth (Inch)	Weight (lbs)	Code
110V	6	4-19/32	3-13/32	8.4	381086

## Demagnetizers

435531

435532

- Quickly demagnetizes tools, drills, punches, dies, etc. held by magnetic chucks
- Parts are demagnetized by drawing across surface
- Input voltage: 110-120 Volts AC
- On/off switch

Working Voltage	Surface (Inch)	Height (Inch)	Weight (lbs)	Code
100-120V AC	8.3 x 6.1	4	13	435531
100-120V AC	6.3 x 4.3	4	6	435532

## Magnetic V-Blocks

Description	L x W x H (Inch)	Code
Single	4 x 3 x 3-3/4	435541
Matched pair	4 x 3 x 3-3/4	435542
